

Welcome to the Professional World!

Welcome to the Professional World packets are a resource offered to current music therapy interns who have reached the mid-point (at least three months) of their internship. The packets are designed to help make the transition from student to professional and are filled with information from AMTA, resources and tips for the new professional, and valuable coupons for the first year of your career as a professional music therapist.

Current music therapy interns at the mid-point of their internship can each receive one complimentary packet from AMTA. We're sorry, but duplicate packets cannot be mailed. You must be a current music therapy intern at an AMTA approved site and in the third month or later of your internship to receive this packet.

If you qualify and would like to receive this packet, please complete this form and mail/fax it to:
