

# Love is the Only Way Home

Kim Best

2020

D                    A                    D                    A  
Take a breath, watch your step. Look out into the unknown  
Bm7                    Em                    D                    A                    D  
Hold my hand, now let's stand. It's safe because we are home.

D                    A                    D                    A  
I see your fear, but together we're here. Love will help us grow  
Bm7                    Em                    D                    A                    D  
Let's set our path, yes it will last. Love is the only way home.

D                    A                    D                    A  
Isn't this funny, not what we thought. I guess it's just how life goes  
Bm7                    Em                    D                    A                    D  
Finding rest, we'll do our best To get through any storm

D                    A                    D                    A  
Along the way, another day. This is all we know  
Bm7                    Em                    D                    A                    D  
We have the strength, we have the love, And love is the only way home.

D                    Em7  
Your face is like sunshine  
D                    A  
Your voice is my own  
D                    Em7  
Your smile brings the life back  
D                    A                    D  
And love is the only way home.

D                    A  
Love keeps us going, love gives us rest.  
D                    A                    D  
Love is the only way home.
