And that's because we do	on't like germs one	bit

The thought just makes	s me want to squirn	n
С	G C	
But there is something	you can do about i	it
F	G	С
Don't touch your face, your eyes, yo	ur mouth, your nos	e, Don't Touch
G		С
Don't touch your face, your eyes, yo	ur mouth, your nos	e, Don't Touch

I wear a mask to keep you safe
And though it covers half my face
You know that underneath it I'm still me
My nose is there, my mouth is too
It's how I talk and sing to you
And my smile is still there
Though you may not see

Don't touch your face, your eyes, your mouth, your nose, Don't Touch Don't touch your face, your eyes, your mouth, your nose, Don't Touch
