

Call for Research Poster Session Submissions
2022 AMTA National Conference
Jacksonville, Florida
October, 2022

Individuals are encouraged to submit content information describing *works in progress but intended for completion by conference or completed works* for a Research Poster Session. Diverse methodologies are encouraged.

Submission deadline is June 10, 2022 by 5 pm CST.

Online Submissions
(if link does not work when you click, cut and paste into your browser)

<https://www.surveymonkey.com/r/AMTA2022>

Format Options

Authors must submit information as “Oral/Paper only”, “Poster Only”, or “Oral/Paper or Poster” by indicating preference during the submission process. Researchers are encouraged to submit using the “Paper or Poster” option. Information submitted using this option will be considered and selected for either option by the Research Committee.

Oral Presentations (Paper Presentations)

From those asking for consideration for an Oral/Paper presentation, **four** will be selected by the review committee. These four oral papers provide researchers the opportunity to present original work related to music therapy. Presenters will have 15-minutes to present and 5 minutes to answer questions from attendees. Oral Presentations are projected to be scheduled during a Concurrent Session time block Saturday, October 22nd from 11:15am to 12:30pm.

Research Poster Presentations

The Research Poster Session provides an interactive forum for researchers to discuss their work with conference attendees. The Research Poster Session is projected to be Saturday, October 22nd from 2:00 to 4:00pm. Presenters will be assigned a location to put up each poster, and posters will be organized by topic as related to MTR 2025 goals.

Student Awards

Music therapy students are eligible for best poster awards. Abstracts will be published in *Music Therapy Perspectives*. Students must indicate that they wish to be considered for one of these awards.

One undergraduate and one graduate submission may be chosen. In order to be considered for this award, indicate in the submission online process if the first author is a music therapy student and what level (undergraduate, masters/masters equivalency,

doctoral) and if you wish to be considered (or NOT considered) for this award. Please note the faculty mentor name and contact information.

Please note: If your submission is chosen for the Student Research Award, you will receive recognition at the national conference, acknowledgement in Music Therapy Perspectives (MTP), and participate in a podcast hosted by Dr. Noah Potvin. As part of the acknowledgement in MTP you will be asked to write a short paragraph describing your research project for readers.

Submission Process

The following bullets will correspond to questions on the online submission process and we ask that you plan accordingly for submission and review by the AMTA Research Committee.

Please be aware that text boxes for study components each have a 1500-character limit for consistency across submissions and for effective review by the research reviewers.

- Introduction, objective, phenomenon under investigation, hypotheses or research questions
- Description of rigorous and relevant research methods (e.g. qualitative, quantitative, mixed methods, systematic reviews, theoretical frameworks, philosophical papers)
- Description of research participants if applicable and data gathering methods
- If the study is completed:
 - Description of the data analysis and results
 - Summary of findings supported by presented data presented
- If the study is in progress:
 - Description of intended data analysis
- Statement of how the research advances music therapy clinical practice.

Each submission must include complete information for judging research quality.

The deadline for submissions is JUNE 10, 2022. If, after 14 days after submission you have not received a confirmation of your submission being received contact Cindy Colwell by email at ccolwell@ku.edu.

After an anonymous review by the committee, each corresponding author will be notified via email by July 31 of acceptance or rejection of the submission.
