

## Smile Under There

by: Elizabeth Ferguson, MT-BC

A

When we're all wearing a mask

D

All you have to do to is ask,

E7

Is there a smile under there,

A

Smile under there.

A

We may not see the color of our cheeks,

D

Or be able to count our teeth,

E7

But there's a smile under there.

A

Smile under there.

A

You can hear my words,

D

You can hear my song,

E7

And there's a smile under there.

A

Smile under there.

A

We make feel sad or blue,

D

We may not always know what to do,

E7

But there's a smile under there.

A

Smile under there.

A

We can laugh and dance,

D

We can imagine we're in France.

E7

And there's a smile under there.

A

Smile under there.

A

So remember, when we're all wearing a mask

D

All you have to do to is ask,

E7

Is there a smile under there,

A

Smile under there.
