A Little Different

INTRO CHORUS:

Em                                 D
Though things may look a little different
Cmaj7                                B7
The music remains the same
Em                                 D
We’re all excited to see our friends
Cmaj7                                 C9
Let’s make music again

VERSE 1:

G                              Em
Walk through the door, sanitize your hands
Am                                  C9
We’ll take your temperature too
G                              Em
Bring your patience and your mask
Am                                  C9
You know we’re still smiling with you
G                              Em
Wave “hello”, let’s social distance
Am                                  C9
6 feet between you and me
G                              Em
Look around, while we playin’ music
Am                                  C9
Things will look different, you’ll see

CHORUS

Em                                 D
To be safe, we’ve been apart
Cmaj7                                B7
We have missed making music with you
Em                                 D
Let’s come together again
Cmaj7                                 C9
There’ll be some changes, it’s true
Em                                 D
Though things may look a little different
Cmaj7                                B7
The music remains the same
Em        D
We’re all excited to see our friends
Cmaj7                   C9
Let’s make music again

VERSE 2:
G                  Em
We might look strange with our face shields;
Am                         C9
Or sound different singing through our masks.
G                  Em
You might have questions that concern you.
Am                         C9
All you need to do is ask.
G                  Em
Our instruments we won’t be sharing.
Am                         C9
If you can, bring your own.
G                  Em
We’ll still play our favorite music.
Am                         C9
We’ll still sing our favorite songs.

CHORUS
Em        D
To be safe, we’ve been apart
Cmaj7                   B7
We have missed making music with you
Em        D
Let’s come together again
Cmaj7                   C9
There’ll be some changes, it’s true
Em        D
Though things may look a little different
Cmaj7                   B7
The music remains the same
Em        D
We’re all excited to see our friends
Cmaj7                   C9
Let’s make music again
