

In this Together

We're all in this together

We're all in this together

No matter how far apart we seem

We're all in this together

To laugh, to dream, to lend an ear

We're all in this together

To share our tears and overcome fears

We're all in this together

We're all in this together

Don't you think you're all alone

Just let your feelings known

You are here and here and here you belong

We're all in this together

Refrain

We're all in this together

We're all in this together

No matter how far apart we seem

We're all in this together

Each day brings uncertainty

Yet our hope brings clarity

Together we go, ooh, ooh

Better together, don't you know

We're all in the this together

We're all in this together

We're all in this together

No matter how far apart we seem

We're all in this together

We're all in this together.
