

# My Mask on My Face

Music and lyrics by Meredith Powers, MT-BC

C F  
I see people wearing masks on their face.  
C G7 C G7  
Some might look strange and I might not like it.  
C F C  
Masks protect me from germs.  
Am Dm  
When a teacher sneezes, coughs, talks, and laughs,  
G G7 C G7  
Her germs can't get past her mask, and I'll be safe from those germs.

C F  
My mask protects everyone from my germs.  
C Am Dm G C G7  
When I sneeze, cough, talk, and laugh, my germs stay in my mask to keep people safe.  
C F C G G7  
When I'm safe from Coronavirus germs, I won't get sick from Coronavirus.  
C F C G7 C  
I can try my best to stay safe from germs and safe from Coronavirus.  
F C G7 C G7  
I can feel proud that I did it! I wore a mask!  
C Am Dm G G7  
If my mask is off my face, I can't touch any part of my face.  
C Am Dm G  
Touching my face can spread germs all around and make other people sick.  
G7 C Am  
Germs start on my face and move to my fingers,  
Dm G G7 C G7  
My fingers move germs to all the things I touch.  
C Am  
When I need to scratch an itch or wipe my nose,  
Dm G G7 C G7  
I can use a tissue and wash my hands.  
C F  
I help people when I wear a mask,  
C G7 C F C  
Keep my hands off my face and keep my hands clean.
