By: Marie Reddy, Music Therapy Intern

Intro:

C C C C

Refrain:

C7 F C C/B
Let's share some music today.
Am7 C/G C
Share the love and the laughter that come our way.
C C7 F Am7
Share the tears and the pain and the joy when we sing,
D7 G C C/B
But I won't share my germs today.
A7 D7 G C
No, I'm keepin' 'em far, far away.

Verse 1:

Bb F
If I can sing with a mask, you too can tackle the task
Bb F
So you won't spit in my face and keep your germs far away.
Eb E7 Am7
But while we're six feet apart, you should know that my heart
D7 G C C/B
Is right by yours, and that's how it'll stay.
A7 D7 G C
I am with you from far, far away...

Refrain:

(same chords as above refrain)
If we share some music today.
Share the love and the laughter that come our way.
Share the tears and the pain and the joy when we sing,
But I won't share my germs today.
No, I'm keepin' 'em far, far away.

Verse 2:

(same chords as verse 1)
If I can wipe down this guitar, we can all do our part.
So keep on washing those hands, and sanitize now and then.
While this is all really hard, you should know that my heart
Is right by yours, and that's how it'll stay.

I am with you from far, far away...

Refrain:

(same chords as above refrain)

If we share some music today.
Share the love and the laughter that come our way.
Share the tears and the pain and the joy when we sing,
But I won't share my germs today.
No, I'm keepin' 'em far, far away.

Verse 3:

(same chords as verse 1)

If I can sing through a screen, then we can meet virtually.
Let's all just stay where we are and avoid all the crowds.
But while we're miles apart, you should know that my heart
Is right by yours, and that's how it'll stay.
I am with you from far, far away.

Bridge:

Am Em
This isn't easy to do.
Am Em
I miss you, and you miss me too.
Am Em Am A7
I want life to go back to the way that it was,
D7 G
But for now, I'll be okay because...

Refrain:

We're gonna share some music today.
Am7 C/G C

D7 G C C/B
Keep those germs, keep 'em far, far away.

But my heart is with you always.
